Manufacturing Sector Overview

Overview of air conditioners production in Oman 2025

Oman's rising demand for air conditioners and government-backed push for local, energy-efficient production make it a prime investment opportunity, with strong growth and export potential.

Market Attractiveness

Global Market +7%

CAGR (2024-2034) in the air conditioning production

\$149.5 billion

Net global air conditioning market size value in 2024

Active governments in the air conditioning market

Key market players in the air conditioning production project

Overview Opportunity

Description

Air Conditioners Manufacturing Plant focused on producing a wide range of high-demand, energy-efficient air conditioning units—designed to serve both local and regional markets, offering strong growth and return potential for investors.

Rationale

Due to Oman's hot climate and growing demand, a local air conditioners manufacturing plant will reduce imports, and lower costs. It supports Vision 2040 by boosting local industry and can position Oman as a regional export hub.

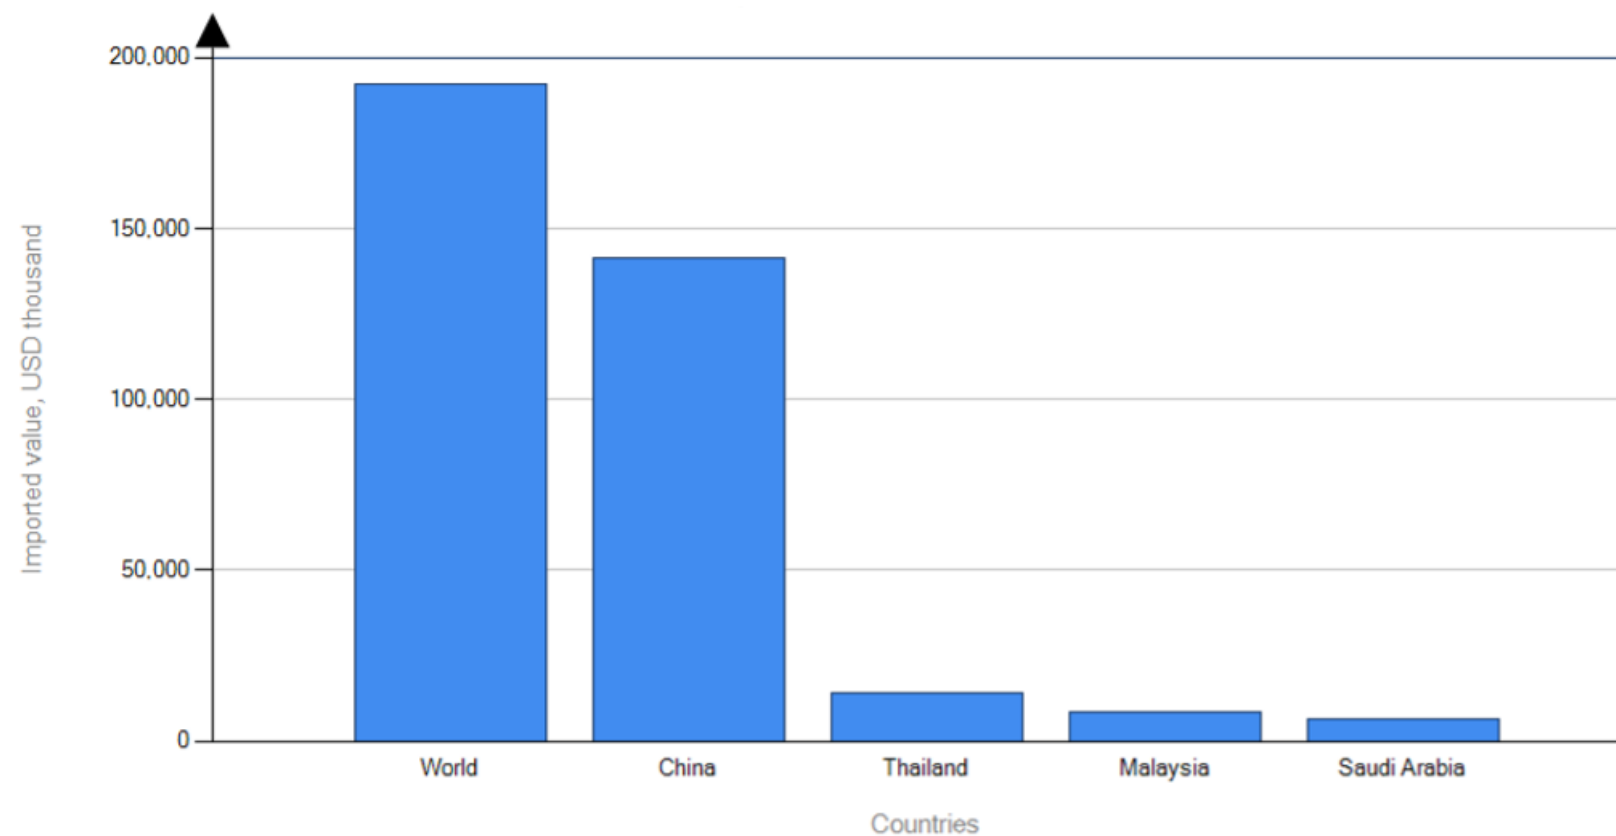

Key indicators

Total Investment Value	6,545,000 OMR
IRR	%15
Project Capacity	100,000 air conditioning units annually
Land Availability	10,000 sqm

Demand Analysis

List of supplying markets for a product imported by Oman in 2024

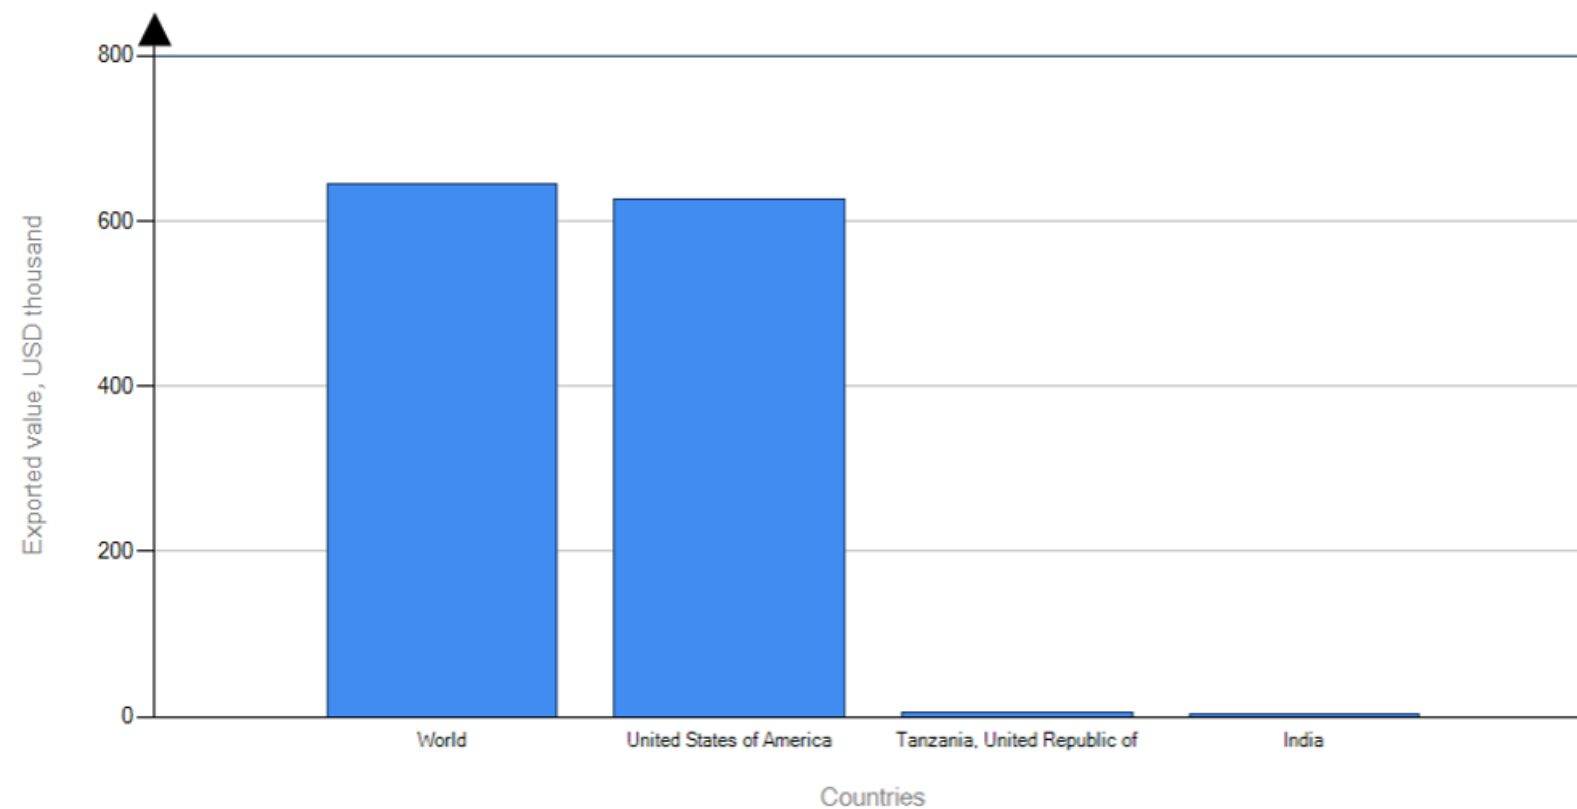

Product: 8415 Air conditioning machines comprising a motor-driven fan and elements for changing the temperature and humidity, incl. those machines in which the humidity cannot be separately regulated; parts thereof

Demand Analysis
