Source:	Ministry of Transport, Communication and Information Technology		
Description:	The government of Oman is seeking private investors to start and run an integrated circuit (IC) design company that can access international markets. Significant incentives will be provided to encourage existing IC design houses, IDM, and entrepreneurs to establish this type of technology business in Oman and engage with customers globally. The opportunity aims to attract business owners interested in leveraging the country's supportive policies and environment to build an IC design firm with an international customer base.
